Can you help me out?

**Message:**

Hi **FirstName**,

I have a quick favor to ask.

Could you write a brief testimonial that I can add to my list of satisfied clients?

I'm not looking for a novel or anything. Just a few sentences describing your experience with me. Prospective clients don't care so much about what I say about myself, but they do care what my clients have to say.

All you have to do is simply reply to this email with your testimonial. Also, if you are able to do this in the next day or two, that would be awesome.

Thanks so much, **FirstName**.
